Art Unit: 2624

1. Applicant's arguments, see page 19, line 3 through page 22, line 22, filed December 22, 2006, with respect to claims 1-39 have been fully considered and are persuasive. The rejection of claims 12-25 has been withdrawn.

2. Claims 1-39 are allowed.

3. The amendment filed 12/22/05 is improper. All new claims, i.e. 12-39, must be underlined in their entirety. Changes must be made relative to the original patent, not previous amendment. Also, claim 11 must show underlining and bracketing.

4. The reissue oath/declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414.

- A supplemental declaration must be provided for the amendments.
- The original declaration is signed by the assignee. Since this is a broadened reissue, the declaration must be signed by the inventor(s).
- The error set forth in the declaration is not specific. The declaration must set forth a specific error correctable by reissue.

The three items can be corrected by a single new declaration.
